The Director of Public Health, Madras
&
The Chairman, Municipal Council, Mangalore.

SIR,

Sub: ANTIFILARIASIS SCHEME-Mangalore Municipality-control of filariasis-course of Hetrazan-purchase of one lakh tablets-expenditure of Rs 10,000/- sanction requested.

Ref: 1) G.O.Ms.No.4204, Health d/22-12-53.

2) Govt.endorsement in .5539 H IV/54-1- Health d/25-1-54.

The Special Survey Unit, deputed by the Director General of Health Services for carrying out a filaria survey and demonstration of control measures in this municipality have commenced work from 1-3-54 forenoon. The Assistant Director, Malaria Institute of India, reported in his letter d/2-3-54 (copy enclosed) that as part of the demonstration project for control of filariasis in this municipality proposed to take a population of about 5000 and to give them a course of Hetrazan. It is estimated that a supply of one lakh of tablets each 50 milligrams will be required for this purpose, and that the estimated expenditure will come to about Rs 10,000/-.

The Council in its resolution No.547 dated 13-3-54 (copy enclosed) has sanctioned the expenditure and resolved that Provincial Government may be addressed for approval of the scheme proposed, for exemption from payment of sales tax and to sanction cent per-cent grant for the same since the tablets are proposed to be distributed free to the public with a view to eradicate the menace of this dreadful disease. This huge expenditure cannot be met from the meagre funds of this municipality.

As progress of the work by the Central Government Unit is being held up awaiting supply of the drugs it is requested that this matter may be given top priority and early sanction accorded for the same

Letter dated 2-3-54 from the Assistant Director, Malaria Institute of India, Camp:Mangalore, requesting to supply one lakh tablets each 50 milligrams hetrazan drugs for treatment for a period of five days to control the filariasis in the Mangalore Municipality.

RESOLUTION No. 547/13-3-54.

An expenditure of Rs 10,000/- is sanctioned for the mass therapy proposed and for demonstration of the Filariasis control methods. Orders may be placed if necessary either through the Govt. of India or through the Malarial Institute of India asking for their good offices for reducing the price and exempt import duty. The Provincial Govt. may also be addressed for exemption of sales tax and for sanctioning grant for this expenditure since the tablets are going to be distributed free to all the public. The provincial Govt. may be addressed for approval of the scheme proposed for control of filariasis in the city and asking for a cent percent grant for the same.

Dear Sir,

As part of the demonstration project for control of filariasis in the municipality of Mangalore it is proposed to take a population of about 5000 and to give them a course of hetrazan. The treatment will be extended for a period of five days and will cover the entire population above two years of age, in the area.

For this purpose it is estimated that a supply of one lakh of tablets each 50 milligrams will be required. Could you kindly arrange to supply me the drug so that I can start the mass therapy with the least possible delay, as soon as the prelimimry data have been collected?

Yours Faithfully

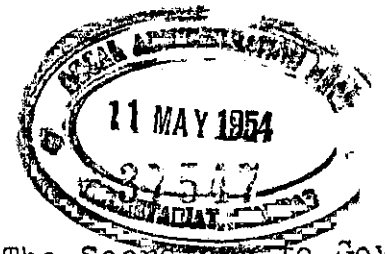
Commissioner.

R.No.16254-1-M5/54. Office of the Director of Public Health, Madras, dt. 9---4---1954.

FORWARDED.

2. The proposal for mass administration of HETRAZAN as a measure of reducing human filarial infection is in line with the proposals contained in the National Filariasis Control scheme, to be initiated by the Government of India and the States. According to Government Order No.4405-Public Health dated 29-12-48, Local Bodies in whose areas filariasis is endemic, are eligible for a grant of one-third of the actual expenditure incurred by them on the schemes of anti-mosquito measures approved by Government. However, as the proposed measure is also for the amelioration of filariasis, though anti-parasitic measures are to be adopted, the Government may be pleased to sanction the proposals and also such grants towards the expenditure as the Government may decide.



For Director of Public Health, Madras.

S.No. 731-Mosq/54 Dated 30-4-1954

Sir,

Sub:-Filariasis - Mangalore Municipality - Revised scheme of control - Continuance of Entomological Assistant - Orders Requested.

Ref:- G.O.Ms.No.4204 Health dated 22-12-1953.

Sanction has been accorded to the comprehensive antifilarial scheme in the above cited G.O. for the Mangalore Municipality at a cost of Rs. 40,200/- per year. Sanction has been also accorded to the employment from the date of appointment upto 31st March '54 of an Entomological Assistant for the Antifilarial scheme.

In accordance with G.O.No.417 Health dated 19th February '54 sanction of the Government for the continuance of the scheme is not necessary

I therefore request the Government to sanction the continuance of the employment of an Entomological Assistant for the antifilarial scheme for a further period of one year from 1-4-1954. The Entomological Assistant took up his post on 11-1-1954 and is being continued after 1-4-1954 in anticipation of Government sanction and this may be approved.

Yours faithfully,

Sir

Sub: ANTIFILARIASIS SCHEME-Mangalore Municipality-control of Filariasis-course of Hetrazen-purchase of one lakh tablets-exemption-payment of import duty-reduction of price-sanction requested.

DIRECTOR GENERAL OF HEALTH SERVICES
RE
2 1 MAR 1954
Dy. No. 2400

The Director of Health Services, Delhi has been pleased to depute a special survey Unit consisting of one Officer and four assistants for carrying out a filaria survey and demonstration of control measures in the Mangalore Municipality for a period of three months from 1-3-54. The work has to be completed before the onset of the monsoon i.e before end of May '54. The Unit have commenced work from 1-3-54. The Assistant Director, Malaria Institute of India(Filaria) reports in his letter d/2-3-54(copy enclosed) that as part of the demonstration project for control of Filariasis in this municipality he proposes to take a population of about 5000 and to give them a course of Hetrazon. It is estimated that a supply of one lakh of tablets each 50 milligrams will be required for this purpose and that the estimated expenditure will come to about Rs 10,000/-.

The Council, in its resolution No.547 dated 13-3-54, (copy enclosed) has sanctioned the expenditure. The tablets are proposed to be distributed free to the public with a view to eradicate the menance of this dreadful disease. But this extra ordinary expenditure cannot be met from the meagre funds of this municipality. The Provincial Government has therefore been separately addressed to grant cent percent grant for the same and to exempt from payment of sales tax.

The Lederle Laboratories(India) Ltd, Bombay offer to supply the full requirment of Hetrazon at Rs 84/- per 1000 tablets. Boroughs Welcome & Co.(India) Ltd, Bombay, quote for Banocide brand Diethylcarbamazine Citrate, compressed products 50 mm, Rs 95/- per bottle of 1000 tablets and Rs 85/- per 1000 in tins of 10,000/

This council has resolved to place orders, if necessary through the Government of India and through the Malaria Institute of India and also to request their good offices for reducing the price and to exempt the municipality from payment of the import duty.

p t o

In the circumstances I request that Government may be pleased to consider the above mentioned facts favourably and as the progress of the work by the Central Government Unit is being held up awaiting supply of the drugs, it is requested that this matter may be given top priority and early instructions issued regarding supply of the required quantity of drugs at special reduced rates if available in stock in the office of Malaria Institute and to grant exemption from payment of import duty.

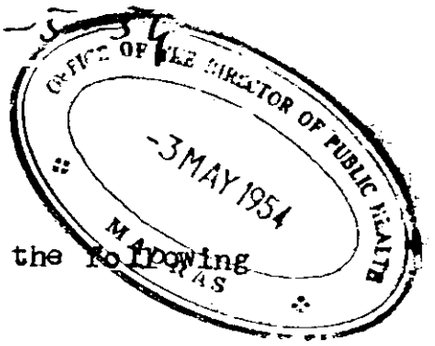
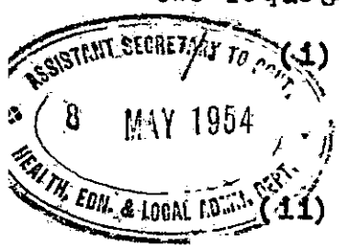
H/G No. 49-3/53-P.HE dt-1-5-54

DIRECTORATE GENERAL OF HEALTH SERVICES



Forwarded.

The Mangalore Municipality have made the following two requests.



(i) One lakh tablets of Hetrazen may be supplied to the Municipality at a specially reduced rate, if available in stock at the Malaria Institute of India, Delhi.

(ii) In case the drug has to be purchased from the open market the Municipality may be granted exemption ~~of~~ from payment of customs duty.

47362

Regarding (i) above it may be stated that no stock of Hetrazen tablets is maintained by the Malaria Institute of India, Delhi. As regards (ii) the Government of India have already been requested to exempt Hetrazan from customs duty.

ABSTRACT.

FILARIASIS--Mangalore Municipality--Scheme of control--purchase of Hetrazan and continuance of post of Entomological Assistant--Orders passed.

- - - -

From the Comm. Mangalore Municipality
No. G1/5736/54 d. 19-3-54

From the D.P.H. Lr. No. 16254-1-H5/54 d. 9-4-54

From the D.P.H. Lr. No. 731-H5/54 d. 30-4-54.

Subject - Mangalore Municipality - Scheme of control - Purchase of Hetrazan and continuance of Entomological Assistant.

The Comm. Mangalore Municipality has applied for the sanction of the Govt. to purchase Hetrazan at a cost of Rs. 10000 for the anti-filarial scheme sanctioned in G.O. 4204 H&A dt. 22/10/53. The He has also asked that the purchase should be exempted from sales tax and that a cent per cent grant should be sanctioned from State funds towards this expenditure. The Hetrazan tablets are required by the Special Survey unit from the Malaria Institute of India which is conducting anti-filarial operations in the municipality. The D.P.H. recommends that the purchase may be sanctioned as also such grant as the Govt. may decide.

The L.S. (to note whether the council can advance the amt. of Rs. (10000.)

2/ After providing for a capital expdre. of Rs 3,13,650 in 1953-54 and Rs 3,58,860 in 1954-55 to Genl. Med. & Hosp. el. for 1954-55 is reported to close with a balance of Rs 37,031 against the required minimum of Rs 45,208. The el. can easily meet the expdre. under reference with the usual one-third grant.

(put in file in connection with Rs 10000)

2/ The financial position of

ΣΣ

the council indicates that the council can meet the expenditure of Rs.10000 even without a one-third grant. The expenditure proposed is an unusual item of expenditure not contemplated when the Malaria Scheme of Cochin was framed to depute the special assist to Mangalore. The council may be permitted to incur the expenditure but there seems to be no reason why the Govt. should agree to pay a one-third grant and much less a 100 per cent grant in this case. There is also no particular reason why the furniture should be exempted from sales tax. The P.H. Dept. of the Govt and the local funds purchase between themselves stocks and stocks of equipment and materials for anti-malarial schemes but these purchases have not been exempted from Sales tax. The request of the council for a cent per cent grant for the expenditure for propaganda in the purchase of Khaki cloth and for the exemption of the purchase from sales tax may be negatived.

4) The post of Entomological Assistant sanctioned for the anti-filarial scheme of the Mangalore Municipality may be continued for a further period upto 28-2-55

5) The draft below is submitted for approval.
